WHY CHOOSE US?

Our Philosophy

At LUX, we believe that love stories are like exquisite tapestries, woven with threads of laughter, tears, and shared dreams. Our mission is to capture these moments - the unguarded glances, the whispered promises, the joyous celebrations - and transform them into visual poetry.

Our Approach

Candid Moments: We thrive on authenticity. Our lenses seek out the genuine interactions - the tearful hugs, the stolen kisses, the shared laughter. These candid moments are the heartbeat of your love story.

Stunning Portraits: Beyond candid shots, we create portraits that resonate. Against sunsets, amidst nature, or within the cozy confines of your venue, we craft images that reflect your essence.

Guiding Gracefully: While we blend into the background, we're also your silent allies. Need a tissue? We've got one. Feeling nervous? We'll ease your jitters. Our goal is to ensure you feel cherished and at ease.

Your Legacy

These photographs aren't just for today; they're for generations to come. Imagine your grandchildren flipping through an album, tracing the lines of your smiles, feeling the warmth of your love. That's the legacy we create.

DON'T TAKE OUR WORD FOR IT

If you don't want to take our word for it, you don't have to. Below are some of our most recent reviews and testimonials from some of our beautiful couples. Give them a read and let them tell you about the impact we had on their day.

Lauren and Jonathon

Richard is one of those photographers who is there on the day, but almost invisible. Never in the way, but always in the right place to get that perfect shot. From the moment we got in contact with him, we knew he would be amazing, just from some of the questions he asked, and the suggestions he made. By the time of our wedding day he felt more like a friend. The end result was not only delivered amazingly up to a very high standard but also very quickly. Richard and Courtney captured the pure love and fun of the occasion. I can not thank them enough! Especially the special moments which they captured perfectly.

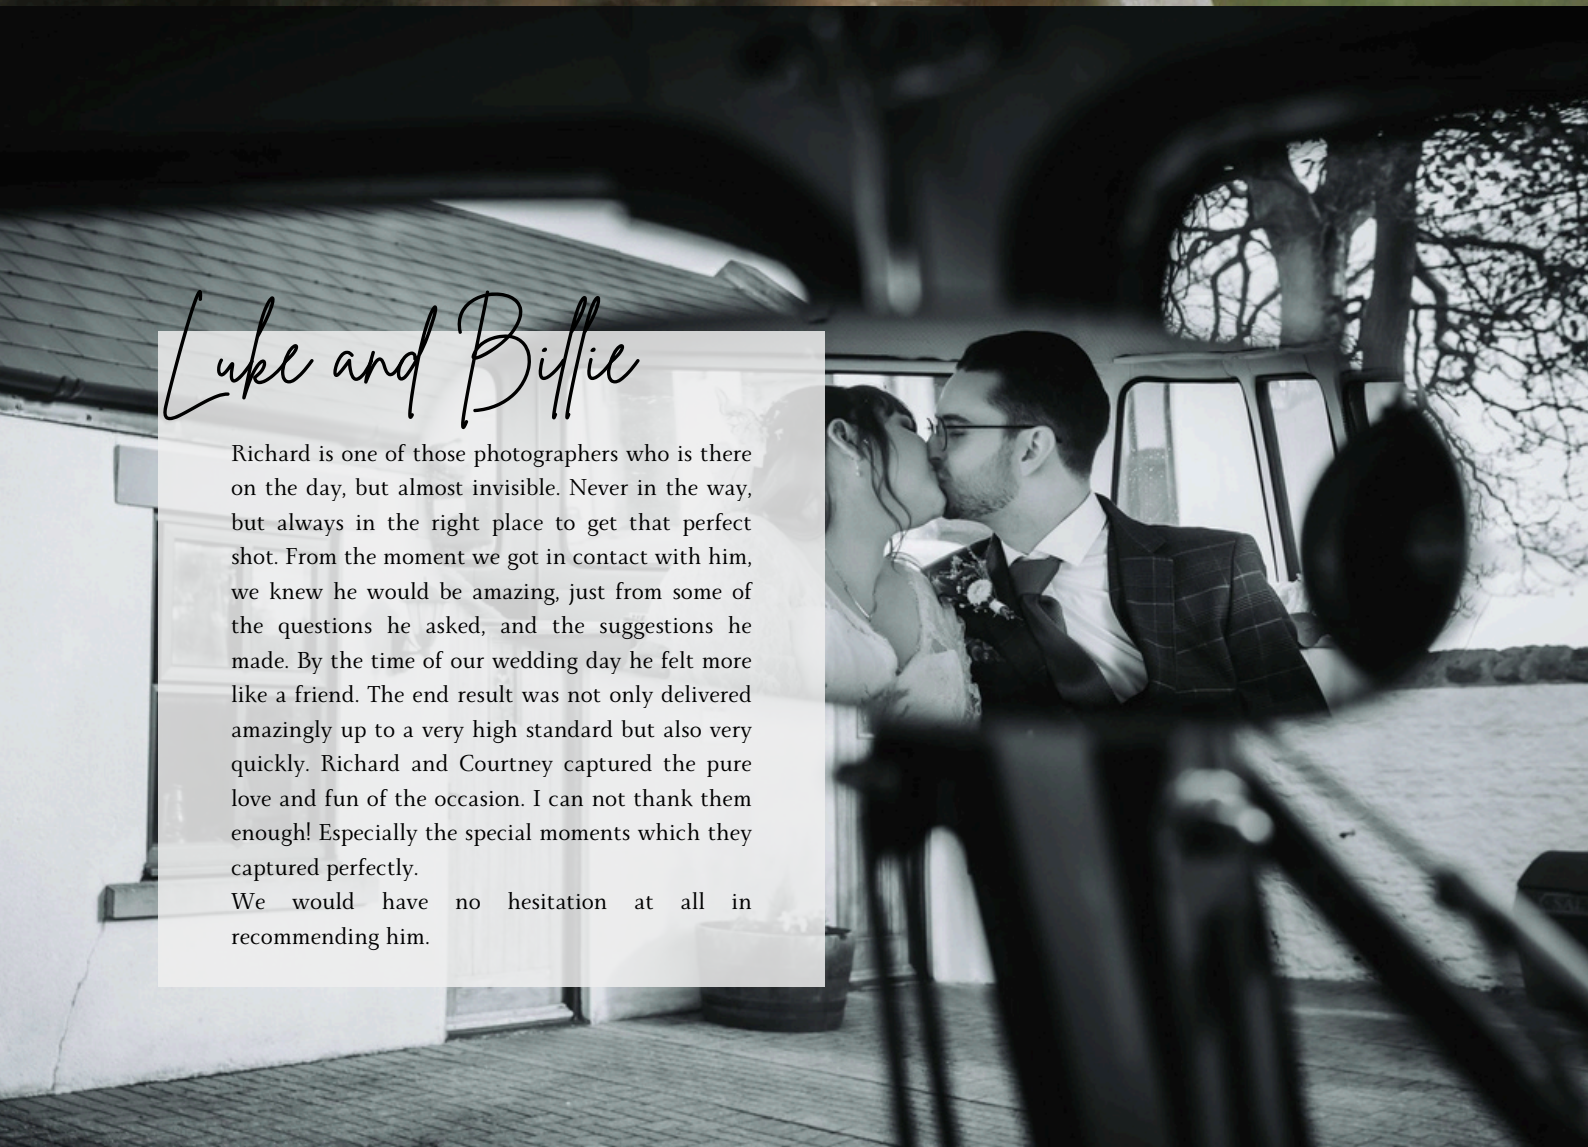

We would have no hesitation at all in recommending him.

Toni and Pete

Above and beyond!

Ross was nothing short of phenomenal. The communication prior to the wedding was easy and comforting - we had no idea what we wanted or needed and Ross offered his professional support to help us make the best choices for us and as he's such a nice guy we also felt completely relaxed about working with him. On the day, he couldn't have done any more for us! His passion for photography was clear and he was super excited about our venue. When an issue occurred with another vendor he was on hand to help out and come up with a fun photo idea to keep spirits high. He was super friendly and available to guests at all times for any photos they wanted taking. He was incredibly accommodating to our quite complex family dynamic for formal photos. And our private couple shoot was so chilled and efficient it didn't feel like a chore at all! The photos we've received are incredible - there are LOADS, they are beautiful and brilliant, and Ross clearly cares so much about what he produces. The lovely blog he wrote for us was an extra special touch we weren't expecting and of course the gallery is just fantastic and such a great way for us to share our images with everyone we love. Ross literally went above and beyond in every way, cannot fault him.

Built in 1818, the much-loved country house, the epitome of Georgian splendour, has been lovingly restored over the years, including a wealth of exquisite craftsmanship, including fine wood panelling and a grand handmade staircase. Old stone fireplaces, classic leather armchairs, elegant sitting rooms, grandfather clocks - the sense of a grand but homely residence pervades. The hall and grounds make for the most stunning wedding venues and amazing location to celebrate your wedding day.

Healey Barn - Hexham

Healey Barn is an 18th century stone barn set around a private sunny courtyard. Located in the tranquil countryside near Corbridge in the Tyne Valley, Healey Barn offers beautiful, open views south across the surrounding landscape. Yet despite its rural location, the barn is less than 20 miles from the center of Newcastle.

The Healey Barn buildings were converted by Cripps & Co in 2015 to create a luxury wedding venue. Retaining the charm and history of the original building, the barn works as well in the summer, with doors opening out onto a sunny courtyard, as it does in winter, with a large stone fireplace and underfloor heating.

Dalton Old pump House - Seaham

Dalton Old Pump House is a Grade II listed building located in Seaham, Durham, UK. It was designed by the renowned engineer Thomas Hawksley between 1873-1879 and served as a water pumping station in its previous life. The building has been restored with great care since 2020 and is now a stunning and imposing wedding venue that is perfect for couples who want to celebrate their special day in a unique and historic setting.
